

Magdalena Ojeda
South Texas ISD Health Professions
Assistant Principal

The STISD Board of Directors hired Magdalena Ojeda as South Texas ISD Health Professions Assistant Principal in February 2021.

She has over 22 years of experience in the field of Education. Ojeda has served as a classroom teacher, a District Elementary English Language Arts Specialist, a College Readiness Supervisor, and a Technology Integration Specialist. Most recently, she worked as a Learning Resources Integration Specialist at Region One Education Service Center from 2015 until she began her journey as an administrator at Health Professions.

Ojeda obtained her Masters in Educational Leadership at the University of Texas Pan-American after receiving her Bachelor's of Science in Interdisciplinary Studies at Texas A&M University Kingsville.

She is married to a Chemistry teacher who takes pride in his cooking abilities. Together, they have two sons who attend high school, a college-graduate daughter, and a son-in-law.

She attributes her dedication to her mother, who has spent her life serving others. As a child, her mother always said "Estamos para servir." Magdalena Ojeda has committed her life to serving and educating the next generation of students, including the future health professionals at STISD Health Professions.
